'Celebrating Learning for Life Together'

Spring 2 2010

Look inside for some ideas
on how you can support your
child's learning at home...

World Book Day - Thursday 4th March

We will be dressing up on this day as our favourite **book** character.

If you would like to be involved in any reading or book related activities on the day, please leave a message for Libby Wyatt through the school office.

Reminder

DAY CLOSURE

The school will be closed for staff training on Monday 1st March.

Our topic for this half term will be Ready, Steady Grow. We will be learning about the human body, keeping healthy and how we change and grow.

MATHS

We will be learning about time. Do you know the days of the week and months of the year? See if you can find out what time you do different activities through the day such as eating meals, having a bath or going to bed. We will also be learning number bonds, pairs of numbers that make 10.

KNOWLEDGE & UNDERSTANDING SCIENCE/HISTORY

Look at some family photographs and talk about how and other members of your family have changed as you got older. Please bring a baby photo of yourself into school for our display.

KNOWLEDGE & UNDERSTANDING

D.T.

We will be exploring different fruit and choosing our favourites to make a salad or kebab. In the shops, look at different fruit and vegetables and if possible, help to prepare some healthy food at home. Challenge yourself to try something new!

ENGLISH

Visit your local library to see if you can find out about the human body or how to keep healthy. We will be learning to read and write instructions in school. What instructions do you follow every day? See if you can find instructions for different activities such as playing games, making models or recipes.
