

Hazel Wood School Eco-schools
Minutes of meeting 23.9.10

Present at meeting

Sam Mawby - Governor
Lorraine Burgess - Teacher
Tracey Torpey - Community
Brian Hodgson - Associate governor

1. Welcome
2. Lorraine gave feedback on the eco-schools week and the main points which the children at Hazel Wood came up with during the week
 - Water butts to be situated all around the school especially down the Year 2 outdoor area as the children found that they ran out of water in their watering cans and it was a long walk back to the water butts in the gardening area.
 - Children thought it would be good to have a wildlife area outside the offices as a corridor from the gardening area to the year 1 courtyard to the year 2 outdoor area.
 - Children were amazed at how the solar panels worked to light up a light bulb and wondered if it would be possible to buy a solar panel to power light in the shed.
 - Beads necklaces were a big hit with the children.
3. The Green flag application form was finished and evidence collected and organised on the system by Lorraine Burgess and Brian Hodgson.
4. An Eco-schools display was put up to focus children's awareness of the eco-schools message at Hazel Wood.
5. It was decided to take part in 'Switch off fortnight' starting on the 22.11.10. Lorraine volunteered to do an assembly the week before.

Next meeting on Thursday 27th January 2011 1.30 pm
